10. Details of Office Staff

a) Managing Director

David R Wakeford – Jt. Managing Director

In 1969 he started work with D.H. Hill (Heating & Engineering) Limited as a fitter's mate. By the time the MD retired in 1982 had risen through the ranks to become an experienced fitter welder. He was running his own contracts and also hired and fired labour.

Between 1982 to 1986 he was a director of D.H. Hill (Heating & Pipework Services) Limited, Bradford. In partnership with two others, he ran the pipework contracting services section of a ventilation firm as a separate company.

He was responsible for the day to day running of the company, the recruitment of labour, control and supervision of the contracts and preparation of the accounts.

From late 1986 to early 1998, in partnership with Ken Sanderson, he was Contracts Director of Sandford Mechanical Services Limited.

He was responsible for the control of labour, site management and quality of workmanship. He is the Company's Safety Officer and Company Quality Control Manager.

b) Managing Director

Graham A Jackson – Jt. Managing Director

From 1973 to 1980 he worked for R E Fell Ventilation Limited where he obtained qualifications in ventilation and ducting design, manufacture and installation as well as in air conditioning design and installation.

After a period out of the industry he joined Brookfoot Engineering Limited as a project engineer in 1985 and he remained with them until 1997.

From June 1997 to May 1998 he was the area technical sales engineer for Oventrop UK Limited.

He is responsible for design, estimating and site management of contracts.

c) Estimator Supervisor

Darren Parker

Educated at Bruntcliffe High School 1985-1990 with 9 GCSE's including Maths and English. He started his training with Sayes & Co Limited from 1990 to February 1994 as an Apprentice pipefitter welder. Other qualifications include City and Guilds in pipefitting, CSCS Supervisor and Commercial CORGI.

From February 1994 to September 1998 he was responsible for running contracts with up to 10 people on site as a trained pipefitter welder for Sandford Mechanical Services Limited and organized the workforce, liaised with Contractors, co-ordinated deliveries etc.

In September 1998 he became Foreman with GKD Building Services Limited until December 2006 when he was given promotion to our Estimating Department.

He is also trained in gas safety/installation training in elements COCNI, ICPNI & TPCP1A, COSHH Assessment, CSCS Training and Assessment and Operator Training Course in use of Mobile Elevated Work Platforms Type SL SPB.

d) Company Secretary

Christine Wakeford

She worked 15 years for Horwath Clark Whitehill, Chartered Accountants in Bradford (members of the Horwath Clark Whitehill Associates who are world wide) as Office/Admin Manager. She also did payroll and Sage book-keeping for some clients plus many other duties.
